THANKFUL TO MRS. PINKHAM.

Earnest Words From Women Who Have Been Relieved of Backache —Mrs. Pinkham Warns Against Neglect.

DEAR MRS. PINKHAM,—I have been thankful a thousand times since I wrote you for what your Vegetable Compound has done for me. I followed your advice carefully, and now I feel like a different person. My trouble was backache, headache, nervous tired feeling, painful menstruation and leucorrhœa.

I took four bottles of Vegetable Compound, one box of Liver Pills and used one package of Sanative Wash, and am now well. I thank you again for the good you have done for me.—ELLA E. BENNER, East Rochester, Ohio.

Great numbers of such letters as the above are constantly being received by Mrs. Pinkham, from women who owe their health and happiness to her advice and medicine.

Mrs. Pinkham's address is Lynn, Mass. Her advice is offered free to all suffering women, who are puzzled about themselves.

If you have backache, don't think lightly of it or try heroically to "live it down"; you must reach the root of the trouble, and nothing will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Backache is accompanied by a host of other aches and wearying sensations, but they nearly always come from the same source. Remove the cause of these distressing things, and you become well and strong. Mrs. S. J. SWANSON, of Gibson City, Ill., tells her experience in the following letter:

DEAR MRS. PINKHAM,—Before using your medicine I was troubled with headache and my back ached so that I could not rest. Your medicine is the best I have ever used. It has relieved me of my troubles, and I feel like myself again.

The Marblehead Silences Batteries and Plays Havoc With Buildings.

New York, May 5. A Key West special to the Press says: Penfuelas has been bombarded.

Not only did the Marblehead silence the batteries of the town on the afternoon of April 29th, but shelled the town itself, playing havoc with the buildings and driving thousands of inhabitants to the interior.

The firing at the forts was at 4,000 yards. As soon as the forts were disabled Capt. McCalla ordered that the five inch guns be given an elevation to reach the 8,000 yards.

Firing began with the starboard batteries, followed by the port.

Madrid, May 4. During the riots at Talevera today the mob captured 14 carloads of flour.

All Valencia is in a state of siege. A Catalan the rioters captured the mayor and town councilors and demanded a ransom. On the mayor protesting, he was shot through the leg, after which the gendarmes dispersed the mob.

At Talevara the rioters were most determined, making many barricades and setting on fire several government buildings. In the town of Alcalian, in the province of Murcia, a mob composed mostly of women burned the storehouses and offices.

The fishermen who broke out against the Octroi dues at Gijon received the most determined assistance from the tobacco girls.

Together they erected several barricades and burned all the Octroi offices, with all the papers belonging to the foreign ships loading in the harbor.

The civic guard was hotly stoned at the prison and the mob marched off with the iron bars of the jail.

When the troops appeared they were hotly stoned, replying with a volley from their guns, wounding many.

The mob then attacked the government buildings and smashed the windows. The troops again fired, this time from the balconies, and wounded many, but the women kept on throwing stones.

The Jesuit college at Talevara was attacked because it was supposed that gun a was stored there. The troubles are expected to increase.

SMALL FLEET SIGHTED.

Philadelphia, May 4. Capt. Whyte, of the Allan liner Tunisian, which arrived today from Glasgow via St. Johns and Halifax, states that on Sunday with all the cabin passengers in sight on the distance a two ship with a cruiser ahead, followed by two boats thought to be torpedo boats. Capt. Whyte signalled the mysterious craft but they made no reply.

VERY PESSIMISTIC.

Madrid, May 4. 10 A. M. The Madrid newspapers are very pessimistic in their comments upon the situation in the provinces and the debates in the Cortes, and it is believed the resignation of the cabinet is imminent.

The Carlist organs and the Imparcial and Liberal predict grave events. The cabinet, however, is disposed to take scientific military orders.

DISABLED SCHOONER SIGHTED.

Norfolk, Va., May 4. The captain of an inward bound vessel today reported speaking the three masted schooner Myra E. Weaver, Capt. Gourley, 100 miles east of Cape Henry, 14 days out from Darien, Ga., for Bath, Me. The Weaver had lost spar and sail and one boat, had port fu works stove by heavy seas and main boom broken, but was not leaking, and wished to be reported. All were well on board.

REV. WM. P. TUCKER DEAD.

Pawtucket, R. I., May 4. Rev. Wm. Pucker Tucker, a well known Episcopal clergyman, died tonight of apoplexy. Rev. Mr. Tucker was born in Saco, Me., 74 years ago and received his education in Otis academy. He afterwards taught school in California and return to tutor in Bowdoin College.

He had served as rector in Salem, Mass., and Trinity church in this city. In 1893 he was made archdeacon for the diocese. He was relieved in February of this year by the appointment of Coadjutor Bishop McVickar. Since that time Mr. Tucker had been teaching in missions in this State. Mr. Tucker leaves a wife and two children.

TRANSPORT DILWARA ARRIVES

Halifax, N. S., May 4. The transport Dilwara arrived from Armagh, Ireland, this afternoon having on board the first battalion of the Leinster regiment which is to relieve the second battalion of the same regiment now here.

She had a good run across, experiencing rough weather, but met with no accidents. She also has on board fifty men for the H. M. S. Renown, now at Jamaica. The troops will leave here on Saturday, taking the second battalion of the Leinster regiment to Jamaica.

DISPOSAL OF CAPTIVES.

Washington, May 4. Secretary Alger has directed that the ten Spanish officers and the ten privates and non-commissioned officers taken from the Spanish steamer Argonauta and now at Key West, be taken to Fort McPherson, just outside of Atlanta, Ga., for safekeeping until they are either exchanged for any American officers and sailors who may be taken by the Spaniards or until some other method for their disposal is reached. The Spaniards will be well cared for and will be placed under guard of a detachment of soldiers.

The civilians taken from the Spanish vessel Panama are held at Key West and are under the charge of the department of justice. It is expected that most of them will be witnesses before the prize court which is to determine the disposition of the Panama, with which the question will be settled whether the Panama can be rightfully held as a prize ship, some confusion concerning it having been raised.

Railroad Stations Seized, Cars Burned and Private Houses Destroyed.

Madrid, May 4. (1.40 P. M.) A dispatch from Talevera announces that rioting there have committed serious depredations. They pulled up the rails of the railroad, burned the station and destroyed the telegraph instruments. They also set fire to several private houses and cafes. After that, the rioters tried to break into the prison and release the convicts.

The civil guards prevented their release, killing the ringleaders. Many persons were arrested.

Owing to the serious nature of the disturbances in various towns, the authorities have proclaimed martial law in the province of Valencia.

Riots have occurred at Cacores but they were said to have been suppressed by the gendarmes.

The miners in the Oviedo capital of the province of that name have struck work and disorders are feared. Reinforcements of troops have been hurried to Oviedo.

A renewal of the rioting at Gijon, the fortified seaport of Oviedo, on the bay of Biscay, in force, and a state of seige was in consequence declared.

The authorities there, taking the most active measures to suppress disturbances, fired on a mob of rioters and the opposition of the people to the Octroi tax. A fierce conflict took place at the railway station, the rioters there attempting to pillage the regular storehouses. All the stores are closed and business is thus suspended.

MUSTERING TROOPS BEGUN.

Washington, May 4. President Frank Thompson, of the Pennsylvania railroad, was a early caller at the War Department today. He spent considerable time with Secretary Alger going over some of the questions that will have to be met by the department in connection with the prompt muster of troops and their equipment to the different points.

Adjt. Gen. Stewart, of the Pennsylvania National Guard, was at the War Department a short time today. He says the mustering in of the Pennsylvania troops began on Monday morning, and he believed would be completed in about a weeks. In all the Keystone state would furnish 10,160 men for the volunteer army, a showing which he felt was fully up to quota.

There were quite a number of Congressmen called on the War Department this morning. Many wanted to ascertain the status of their state's quota regarding equipment, etc., and old and recommended applicants who wanted places in the volunteer army.

Reports received at army headquarters show that recruiting for the regular army is progressing rapidly and that the class of men who are being enlisted is entirely satisfactory. Within a month the officials believe the army will be recruited up to its full war strength of 61,000 men.

A CROOKSHIP ON THE WAY.

San Francisco, May 4. The steamship City of Peking referred to in the despatches today chartered to take troops to Manila is now en route from Hong Kong and is due on the 7th inst. She is owned by the Pacific Mail Steamship Co. and is one of the largest in the Pacific waters. She was built by Chester, Pa., in 1874, is 423 feet long, 48 feet beam, 27 feet depth of hold. She has a cargo capacity of 4,500 tons and can also accommodate 2,000 troops. The City of Peking could probably arrange to make known hour across the Pacific.

CHANGES IN THE RENDEZVOUS.

Washington, May 4. The changes in the places of rendezvous for mustering in the volunteers from those originally announced, include the following:

Massachusetts—From Springfield to South Framingham for infantry and Fort Warren for artillery.

CAMP POWERS QUIET.

Augusta, Me., May 4. The day at Camp Powers has been a quiet one, with nothing but drills. The officers of the first regiment were examined by the board of examining surgeons and many were rejected, among them being Lieut. Col. Smith, Major Collins, Capt. Bird and four captains and lieutenants. The main cause of their rejection was either over or under weight. Their rejection is not accepted very favorably by the privates, many of whom declared not to volunteer for service in the regular army if their services are rejected.

WILL PROHIBIT EXPORTS.

London, May 5. The Madrid correspondent of the Daily Mail telegraphs Wednesday night and says: "The Cortes will tomorrow approve the measure prohibiting the exportation of corn, flour, rye, meal and pulse and suppressing the duty on the importation of those articles."

TROUBLE IN CAMP.

New York, May 4. Gen. Wilson, of the sixty-fifth regiment of Buffalo now in camp at Hampstead, Long Island, has arrested twenty soldiers, charged with leaving camp after hours and destroying property on a saloon on Westbury. During the past two days many of these officers stationed at Camp Black have got out of camp grounds after taps and caused disturbances in town by villagers. The orderly members of these two organizations are very indignant over the acts of the disorderly contingent.

Major General Roberts has care for these occurrences has issued order shutting off passes and directing that no be granted be placed about the camp.

Squads have also been ordered to patrol the villages of Westbury, Garden City and Hempstead to arrest any soldiers tempting unruly conduct.

CLOSED ITS DOORS.

Gouverneur, N. Y., May 4. Bank Examiner Kenyon has taken charge of the First National bank of Carthage, which closed its doors yesterday, states that at least a week will elapse before an accurate total of resources and liabilities will be obtainable. It is stated that investigation will further disclose a shortage of about $100,000.

On board the flagship Brooklyn, off Port Monroe, Va., May 4. It is the general impression on board that the flying squadron will go to sea within 24 hours or as soon as the cruiser New Orleans arrives.

Commodore Schley has been notified that the cruiser Columbia has been detached from the squadron and that the New Orleans will take her place. So far as the fighting ability is concerned, the New Orleans is superior to the Columbia, being more heavily armored and without so much top board and other work to act as a target.

On the ships today fire and collision drills were gone through with in a remarkably short minute.

Lieut. Commander Daniel Delaney, who is to command the Suwanee arrived here this afternoon.

WILL NOT PROVOKE A REVOLUTION.

London, May 5. According to a despatch from the Daily Mail from Brussels Don Carlos in the course of an interview, has declared that he will not provoke a revolutionary movement in Spain, but on the contrary would prevent it need arise any Carlist agitation while the war continues.

BIG BLAZE AT ARMOUR'S PLANT.

Chicago, May 4. Armour's glue factory was in danger of being burned for half an hour today. The flames were checked with the destruction of the felt works and curled hair building, entailing a loss of probably $250,000, without reaching the ammonia plant for the glue works.

A panic among the hundred employes of the felt works, where the fire originated, resulted in a dozen persons jumping out of the second story windows, none being badly but none fatally injured. August Mecolski, a laborer who broke a leg, was most unfortunate.

UNIVERSITY OF MAINE.

Base Ball Team Getting Into Shape—President Harris in New York—Notes.

[Special to Whig and Courier.]

Orono, May 4. President Harris is in New York, where he attends the New York alumni banquet. During his absence the military department is in charge of Perley Walker, '99.

W. W. Bustard, the baseball coach, gave a practical talk in the Y. M. C. A. rooms last evening before a large number of students. Mr. Bustard is much interested in religious work, and is at present studying for the ministry.

The team played a five-inning practice game yesterday with the second nine and won by a small margin. Dow was in the box for the first, while Chapman and Crockett pitched for the "scrubs." Hits were scarce but the fielding was very good. Capt. Dooley has been playing 3d base, while Sprague has taken second. It seems to be an improvement over the old arrangement, but is proposed a future yet.

WELL QUEEN REGENT RESIGN

London, May 6. The Vienna correspondent of the Daily Chronicle says:

"The idea of the resignation of the regency by Queen Maria Christiana is being seriously considered by the members of the imperial family of Austria, with a view of averting an anti-dynastic movement and saving the throne.

"A exchange of ideas on the subject is going on between the Queen Regent and her Austrian family, of its most influential members are decidedly opposed."

THE HELENA GETS A SMACK.

Key West, Fla., May 4. The Spanish fishing smack Dos Septembre was brought in tonight by a prize crew from the Helena. She was taken eight days ago in Yucatan channel by the gunboat and sent here. Adverse weather was encountered during which the charts were thrown overboard and the captors with their little force cruised aimlessly about the waters of the Gulf until yesterday, when the British steamer Alamosa was encountered and put them on their course.

FAVOR ARRANGEMENT TO TERMINATE WAR

London, May 4. The Standard says this morning: "There is a growing impression in official quarters that the Queen Regent and the Spanish government favor some arrangement that will lead to the early termination of the war. It is believed that Austria is anxious to intervene, while Germany has special reasons to desire some arrangements which will not compromise the future of the Philippines."

GLADSTONE'S CONDITION.

London, May 5. The Daily Chronicle says this morning: "Mr. Gladstone's strength steadily declines, though there is, we believe, no prospect of any immediate end."

PLOT TO BLOW BROOKLYN BRIDGE.

New York, May 5. The Press says: Chief McCullough has been informed that there is a plot among Spaniards here to blow up the Brooklyn bridge, and he has instructed Capt. Vredenburgh, in whose precinct the New York side of the bridge is, to take extra precautions in guarding that structure.

MOTION DENIED.

New York, May 4. Judge Lacombe in the United States circuit court has denied the motion of the New York Sun for a temporary injunction pendente lite restraining the Associated Press from prohibiting its newspapers from buying of Munn, the Sun service.

London, May 5. A despatch to the Daily Mail from Key West sent by way of Tampa, in order to escape censorship, asserts of positive knowledge that rear-admiral Sampson's fleet will steam at full speed to Porto Rico either to destroy or to occupy the coaling station as a naval base before the Spanish squadron arrives and then put to sea and try to engage the Cape Verde fleet.

ANOTHER MEETINGS MAY BE HELD.

London, May 5. The Madrid correspondent of the Morning Post says: "The government is aware it cannot rely upon the army. It is an open secret that a society has been formed within its ranks to put an end to the humiliations it has suffered at the hands of her incompetent ministers. Judging by what one hears terrible things may happen shortly."

THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

The Connecticut Mutual takes for its single aim the one peculiar service which life insurance alone can render and which no other institution can. The perfect protection of dependent families, at the lowest possible cost—the simplest, most thorough family protection—by dint of incessant care and economy at every point it has succeeded and does succeed in this purpose as none other has done or can do.

It secures the best and highest obtainable risks from the prudent and unselfish, by the policy it offers for view and to make sure of it and to maintain these it steadily foregoes those privileges for which others strive at such fearful cost, to wit, rapid growth and enormous size; things very flattering, and startling, to the general public but which do not benefit the policy holder, the assurer, and which can be had only at an exorbitant cost which he must pay.

"UNCLE TOM'S CABIN."

As long as there is a stage there will be an "Uncle Tom's Cabin" company with its bloodhounds, trick mules and other actors. The old, familiar play held the boards at the Opera House last night and of course the audience was large—it always is when "Uncle Tom" is the attraction.

The play was put on well by the company and a number of specialties, of song, buck and wing dancing, drum majors, cake walk, animated song sheet, etc., added to the attractions of the drama.

BRITISH TROOPSHIP ARRIVES.

Halifax, N. S., May 4. The British troopship Hilarion has arrived here with the first battalion of the Leinster regiment from Armagh, Ireland.

Free
Medicine
You need a doctor many times when you don't call one. You suffer pain in fifty forms and yet won't call the doctor, because you hope that the pain will go away after a while. And, too, you know by experience, that that first visit of the doctor is generally followed by many others, with all the inevitable consequence of a big bill for professional services. You don't know what to do for yourself or what to take.

But suppose that you could get free, absolutely free, the advice of one of the most

DOCTORS
in the United States. You can. The physician is right here. He has an office in the building, he has a staff of correspondents to assist him, and anyone and everyone, who needs medical advice is invited to write to him. If it's baby's health or my hero's, or the health of any member of the family you may write about it, sure of a careful reading of your letter, sure of accurate, close diagnosis of your case.

Free of Charge
If cure is possible. Every letter will be held as in strictly confidential communication. Remember these facts.

We offer you medical advice from one of the most eminent practitioners in the United States, whether our medicines will benefit your particular case or not. We offer you this advice at the cost of the two cent stamp which it will take to bring your letter to our office. Address the Medical Department, Dr. J. C. Ayer Co., Lowell, Mass.

Rigorous Clauses in War—Spying and Deserting Offences Punishable by Death.

The following extracts from the "Articles of War" as part of the Regulations for the Army of the United States," indicates the rigorous conditions that govern armies in war times:

With regard to freedom of speech:

"Article 9. Any officer who uses contemptuous or disrespectful words against the President, the Vice President, the Congress of the United States, or the Chief Magistrate or Legislature of any of the United States in which he is quartered, shall be dismissed from the service or otherwise punished as a court martial shall direct. Any soldier who so offends shall be punished as a court martial may direct."

Insubordination:

"Art. 21. Any officer or soldier who, on any pretence whatsoever, strikes his superior officer, or draws or lifts up any weapon, or offers any violence against him, being in the execution of his office, or disobeys any lawful command of his superior officer, shall suffer death or such punishment as a court martial may direct."

Mutiny:

"Art. 22. Any officer or soldier who begins, excites, causes, or joins in any mutiny or sedition, in any troop, battalion, company, party, post, detachment, or guard, shall suffer death, or such other punishment as a court martial may direct."

In Art. 23 the same punishment is threatened for any officer or soldier who being present at a mutiny does not do his best to stop it.

Sentinels:

"Art. 36. Any sentinel who is found sleeping upon his post or who leaves it before he is regularly relieved, shall suffer death or such other punishment as a court martial may direct."

Cowardice:

"Art. 42. Any officer or soldier who misbehaves himself before the enemy, runs away, or shamefully abandons any fort, post or guard which he is commanded to defend, or speaks words inducing others to do the like, or casts away his arms or ammunition, or quits his post or colors to plunder or pillage, shall suffer death, or such punishment as a court martial may direct."

The countersign:

"Art. 4. Any person belonging to the armies of the United States, who makes known the watchword to any person not entitled to receive it, according to the rules and discipline of war, or purposely gives a parole or watchword different from what he received, shall suffer death, or such other punishment as a court martial may direct."

Desertion:

"Art. 47. Any officer or soldier who, having received pay, or having been duly enlisted in the service of the United States, does, without proper discharge, desert the service, shall in time of war, suffer death, or such other punishment as a court martial may direct."

Safeguards:

"Art. 57. Whosoever, belonging to the armies of the United States in foreign parts, forces a safeguard, shall suffer death."

Rank of officers:

"Art. 78. Officers of the militia of the several states, when called into the service of the United States, shall on all detachments, court martials and other duty wherein they may be employed in conjunction with the regular or volunteer forces of the United States, take rank next after all officers of the like grade in said regular or volunteer forces, notwithstanding the commissions of such militia officers may be older than the commissions of the said officers of the regular or volunteer forces of the United States."

Spies:

"Section 1343, Revised Statutes: All persons who, in time of war, shall be found lurking or acting as spies, in or about any of the fortifications, posts, quarters or encampments of any of the armies of the United States, or elsewhere, shall be tried by a general court martial or by a military commission, and shall, on conviction thereof, suffer death."

CARIBOU NEWS.

Opening of a Fine New Furniture Store.

A Wh at Party to be Held Friday Evening—A Painful Accident—Notes.

[Special to Whig and Courier.]

Caribou, May 4. The stores in the Grimes block recently vacated by A. L. Ireland have been fitted up by C. F. Ross, especially for the furniture business, and the doors were thrown open to the public Wednesday morning. The new location comprises two stores on Sweden street and two on the floor above fronting on Washburn street, giving a floor space of 4500 square feet, but this is hardly sufficient to display the immense stock handled by this enterprising dealer.

These stores have been painted and papered throughout, presenting a very neat appearance, and the stock has been distributed with care and is shown up to the best advantage.

On the first floor is an unlimited stock of furniture, carpets and wall paper, and the second floor is given over to high class upholstered goods. This opening may be regarded as an epoch in the firm's history as it marks the beginning of more extensive operations in business which experienced a steady growth and expansion since it began in 1892.

Posters are up announcing a whist party at Odd Fellows hall, Friday evening of this week for the benefit of the public library. The ladies having the affair in charge are making an effort to secure large patronage and a good time is assured to all who attend.

Hon. L. O. Stearns returned from Houlton Tuesday, where he has been in attendance upon the supreme court during the past two weeks.

Harper Elliott and Leon Marr started Tuesday for Medley, Minn., where they have secured employment in a large lumber mill.

William Cochran was arrested for intoxication Monday evening. Tuesday morning he was arraigned before Justice Littlefield, who fined him $5 and costs, amounting to $8.61.

G. H. Eddy, D. H. Bates, Wm. Weeks and David T. Smith, well known commercial travelers, were in town Tuesday.

H. E. Jones met with a painful accident Tuesday afternoon and will be confined to the house several days in consequence. He was riding and in turning a corner the carriage tipped over, throwing Mr. Jones heavily to the ground, and in falling he injured his right eye very seriously.

The dancing school taught by Miss Marion Stevens, will close with a social dance in Clark's hall Thursday evening. Palmer's orchestra, of Presque Isle, will furnish the music and it is hoped there will be a large attendance.

Arthur A. Blanchard was before Justice Littlefield, Tuesday, for violation of the prohibitory law. He was fined $50 and costs and appealed, giving bonds for his appearance at the September term of the supreme court.

Washington, May 4. Representative Newlands of Nevada has introduced a joint resolution for the annexation of Hawaii. It provides for the confirmation of the cession of the Hawaiian republic of all rights of sovereignty over the islands and their dependencies and of cession and transfer to the United States of all public property and all its rights and appurtenances; assumes the Hawaiian public debt to not exceeding $4,000,000; prohibits further immigration of Chinese and appoints five commissioners, at least two of whom shall be residents of Hawaii, to recommend necessary legislation. The resolution declares the islands and their dependencies hereby annexed as a part of the territory of the United States and subject to the sovereign dominion thereof.

Special laws are to be enacted by Congress for the management and disposition of public lands and all revenues or proceeds therefrom, except lands used or occupied for civil, military or naval purposes of the United States or local government use, and to be used solely for the benefit of Hawaiian inhabitants for educational and other purposes.

Pending congressional provision for government of the islands, the present government officers of Hawaii are to continue under the direction of the President of the United States subject to removal by him.

Existing Hawaiian treaties with other countries are to immediately cease, to be replaced by those between the United States and foreign nations.

Municipal legislation of the islands, unless enacted for the fulfillment of existing extinguished or contrary to our constitution, remains in force until otherwise determined.

Pending legislation extending our customs laws, the existing customs relations of the islands remain unchanged.

The assumption of the public debt lawfully existing at the date of exchange or the passage of the resolution includes amounts due to depositors in the Hawaiian Postal Savings Bank the Hawaiian government, however, sent nothing to pay the interest on the debt while the existing government and its commercial relations are continued. The Chinese exclusion paragraph prohibits the emigration of Chinese into the United States from Hawaii.

To carry out the resolution $100,000 is to be appropriated.

SWEET
Benjamin Dean Sends a Bullet Into the Heart of His Wife at Berlin.

Berlin, N. H., May 4. The residents of the northeastern part of New Hampshire were startled today by the report that another tragedy had been committed within its limits, a woman's life being taken by her husband in the house of a friend of the unfortunate woman.

The alleged murderer is Benjamin F. Deane, the keeper of a small hotel on Main street in this city, and who is now under arrest on the charge of killing his wife at about 4 o'clock this afternoon by shooting her through the heart with a 32-calibre revolver.

The woman left her husband last Thursday and took up her abode at the house of a friend named Mrs. Schaffer.

Matters apparently went along smoothly until today, when Deane bought several 32 calibre cartridges, and at once went to the Schaffer residence and asked his wife if she would return to their Cowa house and live with him.

Upon receiving a negative answer he immediately pulled a revolver from his pocket, took deliberate aim and fired at his wife, the shot penetrating her heart.

CAUSING INSTANT DEATH.

The only witnesses to the affair were Mrs. Schaffer and Jack Darling. The latter, noticing the infuriated husband with a drawn revolver, quickly grabbed him around the neck and acted with the idea of getting possession of the weapon, but Deane held him back long enough to discharge his revolver with deadly effect.

After the shot was fired Darling, who is a powerful man, tripped Deane and threw him to the floor after a terrific struggle, and succeeded in wresting the revolver with which Deane tried to shoot him.

Darling held Deane at bay until the arrival of two police officers who took the murderer to the lockup, where he refused to converse with anyone regarding the tragedy.

The bullet entered Mrs. Deane's left breast about an inch above the heart. Deane is 40 years of age and is well known throughout the city and country and comes from a respectable family in Massachusetts. The unfortunate woman was 35 years of age and is survived by five children.

It is not known what caused Mrs. Deane to leave her husband but the facts will undoubtedly be disclosed at the preliminary hearing tomorrow.

STATE OF MAINE.

ARBOR DAY.

A PROCLAMATION

By the Governor.

In compliance with a wise provision of the statute, it becomes my duty to proclaim

Tuesday, the 10th Day of May, 1898

AS

ARBOR DAY,

and I earnestly recommend to all people in this State that they observe the day by the planting of trees, shrubs and vines for the adornment of their homes, the beautifying of their fields, their school grounds and roadways.

I am persuaded that the influence of such an observance, with concert of effort, will ever be ennobling and beneficent, and will bear witness in the years to come that we, caring for the future, devoted this day to beautifying and increasing the value of our estates.

Given at the Executive Chamber, in Augusta, this twenty-second day of April, in the year of our Lord one thousand eight hundred and ninety-eight, and of the Independence of the United States of America the one hundred and twenty-second.

LLEWELLYN POWERS.

By the Governor,
BYRON BOYD, Secretary of State.

A Republican State Convention

WILL BE HELD IN

CITY HALL, AUGUSTA,

Tuesday, June 28th, 1898,

AT 11 O'CLOCK A. M.,

for the purpose of nominating candidates for Governor and Representatives at the September election, and transacting any other business that may properly come before it.

The voters of Maine, without regard to past political differences, who are in favor of sustaining President McKinley in his patriotic administration of the conduct of the war with Spain, and who favor the assertion of the power, wise and economical administration of our State affairs, are cordially invited to join with the Republican party in choosing delegates to this convention.

The basis of representation will be as follows: Each city, town and plantation will be entitled to one delegate, and for each 50 votes cast for the Republican candidate for Governor in 1896, an additional delegate, for a fraction of 40 votes in excess of 75 votes, a further additional delegate. Vacancies in the delegation of any city, town or plantation can only be filled by a resident of the county in which the vacancy exists.

The State committee will be in session in the city council room of City Hall at 9 o'clock on the morning of the convention, for the purpose of receiving the credentials of delegates. Delegates, in order to be eligible to participate in the convention, must be elected subsequent to the date of the call of the convention.

Per order Republican State Committee.

Anxious for Details.

The Administration and the people are still waiting for the official news giving the details of Commodore Dewey's splendid achievement at Manila. It is believed that he has not already gained control of the Philippines he will soon be master of the situation, and active preparations are being made to send him the necessary troops as soon as the department is advised of the full extent of the victory. Just how long this will be is problematical. The news may be at hand by the time this paper reaches our readers, or it may be delayed a day or two yet. If the cable has been cut, it will require time to re-establish communication even if the electricians on the fleet are able to connect the cable with such appliances as they have at their command. If the instruments should have been destroyed so as to make them useless, it will be necessary to wait until we get news from Commodore Dewey via Hong Kong.

In the meantime the news from Madrid indicates a degree of discontent among the people that means trouble for the government. Inflammatory addresses to the mob is defying the officials and martial law has been decreed. With the United States to contend against on the one hand and an uprising of the people confronting it on the other, the Spanish government seems to be in a fair way to promptly realize the fearful mistake it made when it declined to listen to President McKinley's appeal for a peaceful solution of a situation it cannot long endure. It is said that Spain's honor will not be satisfied until a fifth naval engagement. It would be wise to take warning from the four engagements that have already occurred, even though according to Spanish advices, in the complete rout of the Spanish ships.

Use a Family Jar.

It is astonishing what a commotion sometimes grows out of a very small matter. In the particular case referred to the small matter was Mr. James Hamilton Lewis, a Congressman from Washington. About one day in so often Mr. Lewis has to perform, and Tuesday was his day. He made a speech in which he assailed the Democratic side of the House who had applauded patriotic and above partisan utterances in favor of the war resolutions, and was especially severe in his denunciation of Mr. Cummings, of New York. As each brought Mr. Cummings to his feet, he proceeded to remove the cuticle from the Washington demagogue. He did it to perfection. This passage at arms however resulted in a general fracas among the Democrats at the time, so Uncle Sam Bailey found it necessary to interfere in the interest of party harmony, saying he was afraid that the ill-mannered speeches might be construed as affording evidence of differences in the ranks of the Democracy. When one Democrat shares that a speech delivered by another was the most outrageous ever heard on the floor of the House, and follows it up with the assertion that the member ought to be read out of the party, some such information as that suggested by Mr. Bailey might naturally be drawn from the situation. The fight came about through Mr. Lewis, of Washington, John Hamilton Lewis.

Must Fight Someone.

George Fred Williams is bound to fight someone. He enlisted a regiment in a most demonstrative manner in Boston, but as the love for war was unable to officially recognize Hibernization George Fred denounced the annihilating Spaniards as not sufficiently bright of the present time. Deprived of this privilege George Fred settles his desire for war by attacking the motives of the Governor, who he contends, has placed an affront upon Massachusetts patriotism. Williams would never do as a military officer unless he was made Commander-in-Chief and then he would probably get up a quarrel with himself. His performance in attacking the Governor of the State in a public speech in Faneuil Hall was in the interests of politics rather than patriotism, but this age is prone to jealousy and investment. Election returns the past two years show that the people of Massachusetts are getting fearfully tired of George Fred and this one act farce is not calculated to increase public respect.

Mule Stories.

The New York Tribune says: Stories of interference by all sorts of countries in politics and their origin mainly in Spanish diplomacy. The same integrity which reports one mule killed at Matanzas, but American ship damaged, is culpable of telling more stories in a day about the actions of foreign nations than they could contradict in a month. The only efforts of foreign Powers which have become known to the United States have been efforts, so indirect as to avoid war by non-donation of territory which she is incompetent to govern, and, second, to arbitrate some sort of agreement among themselves which was found impossible. Whether all of them if united could control the action of the United States by any representation that they possibly have asked themselves will alone feeling of uncertainty. Whatever this Nation thinks to be necessary in self protection to do will not probably be left undone because of foreign objections.

The report that Germany will not permit the capturing of the Philippines, a colony of Spain, with which the United States is at war, is of piece with Blanco's mule story. Equally absurd is the suggestion that Russia will not allow the United States to conquer and hold the Spanish territory. Those Powers are not in alliance with Spain, and until they decide to be they will not presume to tell the United States how it is to conduct war or what it is to do with any property or territory taken in war from a hostile nation. No Power will think of dictating to this country in any such matter unless it has first decided to make war without any excuse or provocation. Neither Germany nor Russia, it may safely be said has any such intention.

The action of the United States has no use to the Philippine Islands, excepting one port capable of being fortified and the disposition of which is presumably reserved under treaty by the capable rulers of other nations as it is by the Americans themselves. Our right to hold what we take cannot be denied, but what we propose to do with our ability. This Nation does not want Cuba nor Porto Rico, but the right should both, if captured in war with Spain, will not be questioned by any civilized Power.

European reports that war will some how be stopped quickly lest the United States should develop its naval power, are also clear as to brand of the mule story. No other nation has any reason to desire that the United States shall not become a great naval power, for we do not meddle with the affairs of Europe, Asia or Africa, unless a nation rules so the people who govern its ports can be relied upon not to tax them heavily for the sake of providing about Asia for territory or Africa for a sphere of influence. Powers which do not care for other big people are overburdened by expensive navies, and such an enterprise expedient. A single step in this direction would arrest the most popular Administration this country ever saw, because in this land the man who pay the taxes does do how much they shall be taxed, and for what.

ELLSWORTH NEWS.

The King's Daughters' Fair Proves an Enjoyable Event.

Society Ladies in Charge of the Booths and the Whole Affair—A Wedding on Wednesday—News Notes.

(Special to Whig and Courier.)

Ellsworth, May 4. The annual fair under the auspices of the King's Daughters opened in Hancock Hall Tuesday evening, and was fairly well patronized. There was no stage entertainment except the playing of piano selections by musicians who hid themselves from the audience. The hall was handsomely decorated, the star spangled banner being freely used to add beauty and patriotic pleasure to the scene.

This evening the fair will close.

The floor space of the hall was occupied by booths or stands representing the most prominent nations, with the exception of Spain. Each booth was appropriately dressed in the nations' colors and presided over by members of the circle attired in costumes to represent dwellers in the different countries. The American booth is the first on the right as one enters the hall. The red, white and blue decorations are finely arranged. Pictures of Washington, McKinley and Robert Ingersoll hang on the wall. Aprons and other useful and fancy articles are kept here for sale. Miss Mary Stockbridge as Martha Washington. Mrs. E. J. Walsh as the Goddess of Liberty, Mrs. J. M. Knowlton as an American woman of the city, Miss Annie Lord as Priscilla, and Miss Bessie Brewster as Pocahontas are in charge of the stall.

Adjoining the American booth is the German booth, where Mrs. E. G. Knott, Mrs. Geo. H. Marsh and Mrs. Henry Gould, attired like German housewives, sell cooked food.

Miss Annie R. Stockbridge is in charge of the Italian stand. She made a picturesque vender and is assisted by Miss Mary Campbell and Bernice Giles. Master Fred Silsby as a young Highlander also aids her. Opposite this stand is the Japanese tea garden, where ice cream, tea and coffee are sold by Mrs. P. H. Dow, Mrs. Flora Hopkins, Mrs. E. L. Rowe, Mrs. C. Newman, Miss Helen Adams and Miss Helen Hale.

Mrs. W. A. Alexander and Mrs. W. H. Titus in costumes of French peasants have charge of the French booth in the middle of the hall floor.

Tonight's program includes a hoop drill and the singing of the National airs by a chorus of girls.

Miss Mildred M. Moore, of Ellsworth Falls, and Mr. Hugh A. Clark, of Bangor, formerly of this city, were married this afternoon at the home of the bride's father, Rev. Emerson L. Janet performed the ceremony in a room prettily decorated with evergreens and flowers. During the ceremony the palms and ferns stood under an arch from which a bell of May flowers was suspended. The bride was gowned in white lawn, trimmed with lace and white ribbon. Miss Kittie Moore, her sister, was the bridesmaid, Norman Moore was best man. Refreshments were served after the wedding. Mr. and Mrs. Clark take the evening train for Bangor, where they will have a home on Grove street. The best wishes of many friends follow them. Mrs. Clark is very popular at the Falls. She is the daughter of Mr. Fred Moore. Mr. Clark is a young man of good habits who is well known here.

The death of Mrs. Keziah C. Cheney, wife of Mr. John Cheney, at her home on State street Tuesday evening, was sad news to the community. Mrs. Cheney suffered a shock of paralysis five weeks ago and has been growing perceptibly weaker since that time. Her age was 64. The funeral services will be held at the late residence Thursday afternoon at 2 o'clock. Rev. D. L. Yale will be the officiating clergyman.

Mrs. Cheney has lived in Ellsworth nearly all her life and her many friends extend their sympathies to the bereaved family. She is survived by Mr. Cheney, their daughter Edith, Mrs. H. McFaul, a sister of the deceased and 3 sons, H. F. Joy, P. Mellen Joy and Lewis A. Joy, of this city, her brothers.

Arthur E. Cook, son of James Cook, of this city, has enlisted as a private among Uncle Sam's volunteers and is now a member of Company I, Second Maine regiment, better known as the "Bangor rifles."

Leslie W. Jordan is now a proud father and has been receiving congratulations all day.

A full attendance of Lejok lodge, I. O. O. F., is requested Friday evening.

A meeting of the Camera Club was held Tuesday evening in the club rooms on Main street. Committees were appointed to draw up a constitution and by-laws and to make arrangements for a stereopticon entertainment during the first of June.

The W. C. T. U. will meet with Mrs. M. B. Perry Thursday afternoon at 2 o'clock.

Mrs. Flora Leroy, of Bucksport, is visiting Mrs. Dora Hopkins, in this city.

Mrs. F. W. Crane, of Bangor, has been the guest of Mrs. H. H. Harden on Bridge hill this week.

MACHIAS NEWS.

The Spanish Consul at the Port Has Resigned.

Many Matters of General Interest From the Town and Vicinity.

(Special to Whig and Courier.)

Machias, May 4. Mrs. Eli H. Shorey has removed her private belongings to Dennysville, where she will spend the summer in her home there.

Service appropriate to these sodden days were observed at the Congregational church on Sunday. The church was handsomely decorated with the "Homeward bound colors," of the guns at Machias, which the officers and crew presented to the town a few days ago. The flags were made in China, one of native silk, and were presented to the school Machias ship before departure from China. This was the first opportunity of exhibiting them, and their exquisite handwork showed up beautifully with the graceful festooning. The stars and stripes were displayed, and the portraits of McKinley and Hobart were hung to the chancel rail, the Union Jack on the other side. Ferns and flowers were distributed about the centre.

Father O'Sullivan officiated as usual at the Catholic church.

There were no interesting services at the Methodist or Episcopal churches. Rev. Robert Stockling is now of the M. E. church is attending the East Maine conference. Rev. Dr. Gilbert of the Universalist church is having a vacation.

The Spanish consul, L. M. Sargent, of the port of Machias, has resigned.

The last meeting of the season of the Gracia Palm card club was held at the home of Mrs. O. M. Vose on Saturday afternoon. Current events conducted by the president, Mrs. I. L. Crosby. Supper: Peter Pan Robins, Mrs. Mary O. E. Brown; roast, table, Mrs. Edward Hall; Arnold L. Hall and friend, Mrs. S. E. Hunter. The rose generously gave her pleasant parlor for the club honors. BUCKSPORT'S EXCITEMENT.

All Interest Centered in the Assault Case on Wednesday.

HEARING HELD IN COURT.

Robbery and Flight of Board Ship Thief Only Case Around County Cases.

(Special to Whig and Courier.)

Bucksport, May 4. Bucksport is having more than her share of excitement today. Business is at a standstill and the streets are deserted. The town hall was crowded with people from Bucksport, Orland, Verona, Prospect and neighboring settlements.

The recess opened at 9 and 10 A. M. with Judge E. P. Chase of Bluehill, behind the desk and the two boys, who, [illegible] prisoners in the custody of Sheriff Hooper and Deputy Sheriff Gott. The first offender to be arraigned was Augustus W. Mooney, accused of [illegible] and assault. Mr. Mooney was in the employ of Capt. T. M. Nicholson with breaking, entering and stealing.

From the testimony it appears that [illegible] appears that provisions, clothing, [illegible] were broken open in the night and [illegible] Nicholson building vessels for some time. No duplicate could be obtained at Mr. Mooney was suspected as he had been [illegible] and was in the habit of frequenting the store to purchase [illegible] cigars. Monday evening the arrest of the steamer M. B. Stetson attracted a crowd at Orland, leaving [illegible] and the crowd aboard the vessel. According to [illegible] sailor Mooney apparently [illegible] [illegible] and [illegible] back of [illegible] where he could secure it he made off with it.

Later in the evening it appeared and asked to see one of the officers. On being told that it was the vessel Mooney was in and the [illegible] ripped the pockets of his clothing [illegible] quite a quantity of clothing [illegible] of the [illegible] linen and some [illegible] with which to buy [illegible] a watch. At the proper time the next day [illegible] the drunk instead of securing the object of his search was [illegible] upon and manfully [illegible].

O. F. Bellows appears for the State while Mooney conducted his own case. Judge Chase found cause for [illegible] and bound him over to the October term of the Supreme Court to answer to the charge of larceny. Held was fixed at $500 which Mr. Mooney secured. Mr. Mooney was for many years a trusted citizen and one of the town but owing to drink has [illegible] his self-respect and will [illegible] of his fellow citizens. Much sympathy is felt for his sister and other members of the family.

The next offender to be arraigned was Joseph Mank on the charge of railway [illegible] carrying and [illegible] dangerous weapons. Several witnesses were examined, but owing to the conflicting testimony it was almost impossible for the judge to reach a conclusion.

Mank brought into evidence a revolver of the [illegible] for assault and battery but [illegible] as in the other, although a large number of witnesses were examined, nothing definite could be learned. Mank, [illegible] of the principal participants in the row, was [illegible] and the testimony of most of the [illegible] [illegible] to [illegible] only party to the row. Mank was held [illegible] [illegible] same. Two of the witnesses [illegible] the case [illegible] [illegible] for [illegible] afternoon.

Mr. Grant [illegible] Boston [illegible] Tuesday night last week on [illegible] trip.

Mrs. B. H. Roberts [illegible] Saturday with [illegible] will attend the Grand Masonic Ladies' Ball then go to Boston on [illegible].

TEETH
Extracted
Painlessly

If you want teeth extracted, remember our Vitalized Air is the only anæsthetic that makes it absolutely and positively painless in every case. We have used it in over 100,000 cases in the past five years, and always with perfect satisfaction.

Small children, aged people, feeble and nervous people may come to us with absolute confidence that they will not be hurt in the least, no matter how bad their teeth may be. A painless operation in the crowding everybody must desire in extracting of teeth; but, freedom from pain is no more essential than the use of unoptionally clean instruments, which prevent any possibility of infection. This means safe dentistry, and safe dentistry is the kind you want.

Our motto: "Painless Dentistry" "Warranted Work," "Moderate Charges."

INCOME TAX DEFEATED.

A Brief but Sharp Debate Precipited in the Senate Wednesday.

Washington, May 4. Quite unexpectedly a brief but sharp debate was precipitated in the Senate today on the income tax proposition.

The resolution proposing an amendment to the constitution of the United States relating to the succession of the presidency was under discussion. Mr. Mills (Tex.) proposed an amendment to the form of a new section intended to authorize Congress to lay a tax on incomes in such forms as to meet the requirements of the decision of the supreme court. He also sharply criticised for cajoling to obey such a ruling a resolution which practically all Senators favored, but stood its ground and insisted upon a vote on his amendment. The amendment was defeated 32 to 30, all the Republicans voting against the amendment and all the Democrats except Mr. Caffery (La.) together with the Populists and silver Republicans voting in favor of it.

The joint resolution which was then acted upon is as follows:

"In all cases not provided for by Article second, clause fifth, of the constitution, where there is no person qualified to discharge the duties of the President, the same shall devolve upon the Vice President.

"But Congress may by law provide for the case where there is no person entitled to hold the office of President or Vice President, declaring what officer shall act as President, and such officer shall act accordingly, until the disability shall be removed or a President shall be elected."

The conference report on the fortifications appropriation bill was presented and agreed to.

IN CASE OF DEATH.

Washington, May 4. At two o'clock the railroad bill was displaced by a special order, when it was a joint resolution proposing an amendment to the constitution of the United States, providing for the succession in case of death of the president elect before his inauguration. The proposed amendment was favorably reported from the judiciary committee.

Mr. Mills offered the following amendment in the form of a new section:

"Section 12—Direct taxes shall not be apportioned among the several States which may be included within this union according to their respective numbers, but Congress shall have power to lay and collect taxes on other bases, duties, imposts and excises to be levied and collected."

Mr. Mills explained that his amendment was offered in order that the bill should be passed by the Supreme court against the income tax proposition might be raised.

Mr. Hoar made an appeal to Mr. Mills to withdraw his amendment, pointing out that [illegible] in the future he would not [illegible] [illegible] consideration for his amendment.

Mr. Mills replied upon his amendment and Mr. Hoar then moved to lay it upon the table. Upon this the ayes and nays were demanded. Pending the roll call, Mr. Mills, who a moment by Mr. Quay for a reason for insisting upon his amendment, said that [illegible] [illegible] to the income tax decision, and that [illegible] [illegible] the American people who are in favor of it.

"Does the senator," inquired Mr. Hoar, "desire to coerce or to compel anybody to vote for his amendment because he is in favor of the pending resolution?"

WAR NEWS FROM EUROPE AND CUBA.

Mr. Mills replied that he was employing perfectly proper means to obtain a hearing for his amendment. Discussing the amendment, Mr. Mills insisted that it was to maintain the great struggle upon which the country had entered. He declared the war might not affect the whole of Europe, and this country might be involved in years, and if the Congress had no power to lay taxes money except by the methods which are now taxed, and by the issuance of bonds, it had no power to manage the great incomes pay their proportion of taxes.

Mr. Chandler wanted to know whether Mr. Mills represented his side of the chamber in assuming that opposition would manifest itself in favor of adjournment [illegible] [illegible] [illegible]

SPLENDID SERVICE

News Gathered by the Associated Press.

Dewey and Charleston Fleet.

New York, May 4. The fast dispatch boat Kate Spencer, which left Dutch Island on Monday night to go into the service of the Associated Press, arrived at Key West this morning. The Spencer will operate in conjunction with the fast dispatch boat Dauntless, which has been operating in Cuban waters for some weeks, in carrying news for the Associated Press from the blockading fleet to the cable station at Key West for Cuba. The succeeding scope of operations in the West Indian waters must necessitate the chartering of a third dispatch boat for the Associated Press, and this boat, probably the Wanda, is reported fast ocean yacht Wanda has been secured for this purpose and sailed from here today, having on board the correspondents of the Associated Press, Herald Publishing Co. and Sun, as follows: Messrs. W. Lyman and Alfred Cecil Gaudin. The Wanda is recognized in dispatches will, one exception as the fastest ocean steam yacht in these waters. On board the Kate Spencer are Howard Thompson and J. W. Mitchell, the well known correspondents from the Washington office of the Associated Press. On the Dauntless are J. B. Nelson and Oscar Watson, of the New York office.

At Key West are Albert E. Hunt of Philadelphia and Byron R. Newton of Lindley. On the flagship New York is Wm. A. Croffut of New York, and on the flagship Brooklyn Geo. E. Grenland of Albany. With the troops at Tampa is A. W. Copp of the Chicago office. In addition to these correspondents each of the way among the best known others of the Associated Press force of 7 correspondents are lotted important points for cable communication in the West Indies and Caribbean.

Elmer Ellsworth Roberts, at Kingston, Jamaica; Harold Martin, at St. Thomas, Danish West Indies; R. J. Day, at St. Pierre, Martinique; Prince, Hayti; and F. J. Hibbert at Havana.

The Associated Press has personnel representatives with the fleet at Mariel, Cape Verde Islands, Hong Kong, Rio de Janeiro, Buenos Ayres, Madrid, and on the French frontiers in addition to those in the exclusive use of the great News facilities of the Reuter, Havas and Wolff services throughout Europe and Asia.

Dewey and Charter Day.

New York, May 4. This is Dewey day and Charter day. The principal celebration of the formation of greater New York has been overshadowed by the exciting events of national import during the past week. The greater city of Manhattan with the stars and stripes and the lone star of Cuba, and though the weather is lowering, in no way dampened the ardor or militated the enthusiasm and glow of pride for American prestige.

There was a general approval of the action of the municipal legislature, and in nothing did it display itself in greater evidence than in the festivities of Commodore Dewey, as well as the celebration of the adoption of the charter, that swelled into one great whole.

The shipping in the harbor is gay with bunting. It being a legal holiday, by the action of the mayor, the schools and other public buildings were closed and all the exchanges and many of the banks.

Beware of Submarine Mines.

New York, May 4. The following notice is posted in the office of the New York & Sandy Hook Pilots, and in all steamship offices, this afternoon:

"The eastern entrance to New York harbor in the vicinity of Fort Schuyler and Willets Point, on the western end of Long Island Sound, is defended by submarine mines. A safe channel through the mines is marked by white buoys. The usual anchorage is therefore not to be used, but vessels can and must pass through."

Duties on Cereals Suspended.

Rome, May 4. A royal decree has been enacted suspending the duties on cereals until June 30.

Another decree just published directs the commanders of the Italian troops at Piacenza, Bologna, Ancona and Barri to assume the duties of maintaining public order.

During bread riots at Sorrosina yesterday a mob attempted to set fire to the municipal buildings. The troops fired a volley into the crowd, killing two men and wounding several others.

Starts for Camp.

Worcester, Mass., May 4. The Emmet Guards company G, 5th regiment, started for the State camp at Framingham this morning. They were escorted from the armory to the station after prayer by the Rev. T. J. McGillicuddy and speeches by the mayor and Major Jas. Thomas Grollin, by over 2,000 men, including post 20, G. A. R., the honorary and veterans of the Emmets, the Knights of Robert Emmet, Knights of Columbus, the Sons of Veterans, the Hibernian Rifles and the students of Holy Cross College. A great crowd thronged the streets.

East Branch House Burned.

North Conway, N. H., May 4. The East Branch House at Bartlett was burned early this morning. Mr. Pittman was the owner of the hotel, which contained 75 rooms. The loss is $40,000. The property was insured for $15,000. The cause of the fire has not been learned.

Cattle Buyer Suicides.

Newport, Vt., May 4. E. D. Prescott, a cattle buyer of Bradford, committed suicide at the Newport House this morning by drinking carbolic acid. The cause of the act is unknown.

Maine News Notes.

Miss Katherine Gilman, daughter of Lieutenant Colonel J. W. Gilman, was married last week to Dr. John Edmund Mansfield, of Boston. They will reside at the Hub. Lieutenant Colonel Gilman is a native of Maine, having been appointed to the Military Academy in 1852.

Rev. Frank W. Nye, formerly of Saco, Me., and a graduate of Colby University in the class of 1891, is contemplating entering the ministry. He has written to Washington to learn something about the opportunities in the naval service. He now lives in Rhode Island. He was one of the most popular men of his class at Colby and a great athlete.

A cruiser afternoon carriage in which Bishop Healy was driving to Portland was struck by an electric car and completely wrecked. The Bishop being thrown out. He escaped with slight injuries to one foot.

Two men were blown inside of three months from Howe Island. They expect the greatest business boom that America has ever known, said Hon. J. M. Reade, of Lewiston. "And whenever the war closes, we shall be driven to Alaska. Personally, I think that Dewey has struck the death blow, though we cannot tell for sure yet."

John Kennebec Journal proclaims to the world a resident of the town of Bingham who never heard till last week that Lieut. Sampson was having any trouble with Spain.

DAMAGED BY COLLISION

First Regiment May Go to Washington Next Week.

NO CASUALTIES IN COMPANY G.

Strict Discipline Prevails--Surgeons Examine Troops--Impossible to Run the Guard--Wednesday's War News Excites Interest.

Camp Powers, May 5. Bulletins from the seat of hostilities of varied but not particularly sensational import afforded more interest in the camp of the Maine troops Wednesday than any announcement made to the men by their own condition which at this time is practically the same as twenty-four hours ago.

Examining Regiments.

All the forenoon the surgeons and assistant surgeons of the brigade were at work putting every regiment through a very thorough examination as to its fitness for mustering into the service of the United States. Lieut. Sayles and Dr. Hinds, in a room at the capitol and in their official capacities, were conducting the examination of the First Maine regiment. Major Peterson will go with it as soon as he finishes himself to a horse of proper pace. The one he had yesterday caused him a fall from a parade and it wasn't the horse's fault either.

New Companies Arrive.

The Calais and Eastport companies that reached the Spanish-American war as well as believers by Lieut. Sayles from Portland this morning. They were met at the train by Governor Powers and General Richards and Maj. Hume, who is in command of that battalion. They were in the pink of condition as to fine looking soldiers as have gone into camp.

To the Boys Keep Warm.

To the boys keep warm these cloudy days when the fog at headquarters lows stronger out of the east, and those regrets who what it is for can reach the camp until camp is very chill? Well, those that have furs and funnel for their little wants can. Those that have neither, for there are those who aren't provided with regular ration of funnels and stoves, commanding stovepipe, not to mention wood, snuggle under their blankets and grin and bear it as it comes. Several bunches of cedar shingles for the use of new cook houses are believed by the knowing ones to have gone up in smoke.

The Norway company has an election Thursday evening and there are as many candidates for each company office as though this campaign were to go a term or parlor city. It seems to be conceded, however, that Lieut. F. G. Bartlett will be elected captain.

A member of the Bangor company who has outlived several campaigns on the college football field is down here enjoying the law school and his text books alone. He admits it is hard to study. There is plenty of work to make up in the surplus energy of the men, drill, drill, drill. But there was roast beef for dinner Tuesday, roast lamb Wednesday and a dry bed to sleep in. Uncle Sam's canned beans and hardtack are not expected along until Saturday.

Officers Fail to Pass Examination.

The failure of Major Collins, of Portland and Lieut. Col. Smith, of Norway, first regiment, to pass the physical examination this afternoon also one of last and two second lieutenants caused quiet chatter in camp.

The same rigidity of examination, all admit, will thin out many of the men.

Lieut. Col. Smith and Major Collins are two of the finest officers in the line and efforts are being made to have exceptions made to admit them.

Ran the Guard.

No passes were issued to leave camp this evening, but about 100 men ran the guard and in one instance it is said the guard was overturned. A provost guard of 80 men were sent after them. Every avenue was strongly guarded and soon the guard house became the most populous quarters in camp.

Major Fuller of Bath, surgeon in charge of the camp, was declared after examination to be overweight. He is the only surgeon failing to pass.

HORRIBLE DISCOVERY

Fearful Accident to an Elevator Boy.

Boston, May 4. The floor boys of Jas. W. Eustis, hardware dealer, 101 North street, were confronted with the grewsome sight of a boy's head lying near the elevator at the third floor this morning.

A search was immediately made and the headless trunk was found at the bottom of the elevator well.

The boy's name is not known to the employes as he had been at work there only two days.

It is supposed that the accident happened between 7.30 and 8 o'clock as the boy's duties called him into the store a little ahead of the other employes.

Volunteer Attempts Suicide.

Boston, May 4. Clarence Robinson, aged 25, a soldier in Company I, 5th regiment, attempted suicide this morning in a novel manner. With the other soldiers Robinson went to the armory in this city to report for Framingham. He was told by the captain of his company that he could not take the trip owing to ill health. The fact that he could not go with his company completely unnerved him and he swallowed a dose of laudanum. When it was discovered that he had taken the drug he was quickly removed to the hospital in an ambulance, where remedies were administered.

TEACHER'S ASSOCIATION.

The Teachers' Association of Northern Penobscot and vicinity will hold their spring meeting at Kingman on Monday and Tuesday, May 16th and 17th.

An interesting program is being arranged for this meeting, consisting of music, recitation of papers on questions of interest to teachers and school officers and a lecture by Hon. W. W. Stetson, State Superintendent of Public Schools, and Prof. H. M. Estabrooke, University of Maine.

Every effort will be made to make this one of the most interesting meetings ever held in this association.

Excursion rates on railroads, Old-town to Vanceboro acquiesced. Entertainment to teachers and superintendents.

All who wish free entertainment are requested to write at the earliest possible date to Mrs. Theo Osgood, chairman of committee on entertainment, stating what time they expect to arrive.

Executive Committee.

Rev. Frank E. Jones will deliver the Memorial address under the auspices of G. A. R. Post at South China, May 30. H. Noyes, of Island Falls, will deliver the address before Edwin S. Rogers Post of Litten.

CALAIS NEWS.

A Large Crowd to Bid Godspeed to the Soldiers.

Firing of Cannon, Ringing of Bells, Grand Parade—News Notes of Interest.

[Special to Whig and Courier.]

Calais, May 5. A large crowd of our people filled the streets this morning at 7 o'clock to see our boys in blue embark on the Rose Standish for Eastport, from where they will go to Augusta. The Knights of Pythias and degree and form, the I. O. O. F. members of the Grand Army Post, Joe Haycock and an immense concourse of citizens escorted the boys to the upper wharf to the inspiring strains of the band. At the pier Mayor Swan made a short speech, three cheers were given for Commodore Dewey and the President, the band played "Rally Round the Flag, Boys," and the boat swung on into the river amid a series of cannon and rifle shots on the shore, and a volley from Co. M on the deck of the boat. So our boys have gone to whatever duty is assigned to them with willing and enthusiastic hearts and with the hearty God speed of all patriotic citizens of Calais.

An adjourned meeting of the trustees of the Calais Free Library will be held this evening at 7 o'clock.

A candy supper was served tonight at the Congregational church vestry.

The ladies of Trinity church gave a very pretty Japanese tea party in the vestry on Ke Stephen this afternoon and evening.

Gen. Samuel D. Leavitt, of Eastport, is a guest at the St. Croix Exchange.

Miss Josephine Moore, who has been visiting Mrs. John Hodgkins in Ottawa, will return to Boston, again at least to the delight of her numerous friends.

The window of the store of Wm. Woods & Co. is attracting much attention and admiration. In the centre on a white ground are the words "Boys Remember this Maine," and grouped around them are the national colors surrounded with American flags of intervals, making a very beautiful picture. Other windows in town deserve notice, Mr. Neal's and Mr. Wallace Brown's especially.

Mr. Stone, formerly superintendent of the Calais Water Company, is in town.

BELFAST NEWS.

Benefit Play for the Band, to be Given Soon—Tax Assessors Busy—Notes.

[Special to Whig and Courier.]

Belfast, May 4. A new clarinet was received by the Belfast Band Monday. The organization is now fast as time is set of instruments as could be bought in the country.

The remains of Mrs. Eleanor Kane, who died in this city Sunday, were taken to Palermo today for interment.

The band is now making preparations for a benefit play which they will produce the last of this month.

It is understood that Adrian C. Tuttle, who is in the West for his health, will soon return.

The tariff carriers in this city have furnished bonds with the Fidelity and Deposit Company of Maryland.

Space weeks ago a strange cat strolled into the Belfast Opera House and has been there ever since and has evaded all attempts at capture. It was only after a long chase this morning that the animal was driven out.

City Clerk L. H. Mayo has completed his weather report for April as follows: Mean temperature 42.0, degrees; rain fall 3.07 inches.

The boards of tax assessors are having their usual amount of work.

The corner stone of Collector Harriman's new house on Pearl street was laid this morning.

The proposed sailing trip down the bay which was to have taken place last week was postponed on account of the inclemency of the weather. The party will go the coming Sunday if the weather is favorable.

A party of fishermen came in from Swan lake Wednesday morning with three hundred and fifty pickerel and one trout.

The Hawes-Holland show company played here Wednesday, with fair size good satisfaction. The house was small.

TEXTILE WORKERS MEET.

New York, May 4. The textile workers of America are having a meeting in this city this being the third day of the convention. Sixty delegates are present, representing nearly all of the eastern States. Chairman Pelletier W. Green presided at the morning session. Changes were made in the constitution to provide for a closer unity among the workers in cotton mills of the eastern States. Samuel W. Gompers president of the American Federation of Labor, who came from Washington to attend the meeting, delivered a short address today, in which he said he believed the organization could be made stronger. He referred to the bill introduced in Congress by Representative Lovering of Massachusetts, in favor of an eight hour law throughout the country. Mr. Gompers hoped to see the bill passed.

S. Rose of New Bedford, secretary of the Mule Spinners Union, said that all members of the Federation of Labor of the New Bedford strike were out. He also said the two national banks in New England had failed, and that several mills were on the verge of failure.

A MAGNIFICENT CELEBRATION.

New York, May 4. Not since the laying of the corner stone of St. Patrick's Cathedral in 1809 has there been a celebration among Roman Catholics of this country equal to ceremony and magnificence to that begun today in honor of the 25th anniversary of the elevation of the episcopacy of the Most Reverend Michael Augustine Corrigan.

There was a pontifical high mass at 10 o'clock at the cathedral, the silver chimes were sweet for the first time and there was a procession of notable Catholic clergymen with a guard of honor of 200 cadets. The highest dignitary of the Catholic church in America, the papal delegate, Archbishop Martinelli, was present.

A grand orchestra, selected singers, enlarged choirs and parts of the greatest masses compositions made up the music. A certificate of canonization of the body of St. Neumann, the Bohemian missionary who died in this city 30 years ago, was received and heard by the archbishop, who handed it to him, it having been raised by popular subscription in a few months. The clergymen of the mass were chosen to represent the years of the bishop's episcopate, and the vestments surpassed in magnificence the remarkable vestments already at St. Patrick's vestry, some of which cost $5000 a piece. A grand banquet followed at the pontifical mass, attended by 500 priests.

AT YALE

No progress whatever was made in the development of the Yale crews last week, as the navy tank was not in condition. Plans for improving the water in the tank so that the oarsmen were hocked by two oclock were discussed and three or four changes have been made in the varsity crew. In the freshman crew, these changes have resulted in considerable improvement.

The crew began the short work, rowing over the full course the first day. It was the first time they had been able to cover it in six weeks and they struck in with enthusiasm. They covered the distance without mishap. The time is not looked to give quite the same time, but said that the trial was entirely satisfactory.

It is believed that the light made the striking out practice which was excellent. Rain and wind and flooding up the South have prevented the oarsmen from rowing any longer than three minutes at a time since March 1st.

The Dartmouth boat crews have begun the most extensive collection of candidates ever launched at this season of the year in the memory of Coach Bob Cook and have one collection dates back to 1871. The only consideration that the Yale men have is that horsemen may equally as high at Cambridge and Ithaca. The crew men agree at the last day that they had the order of the wires to boat settled in a satisfactory manner till it was worth trouble, but when an old man of Cresceant, No. 7, rolled out Cresceant showed signs of water on the line. He will be kept out for a fortnight.

A shake-up in the boat followed crew last season's retirement. Nordeck went to No. 7 from No. 3, Dr. Nicholson went to No. 3 from No. 4, Bill Brock, No. 2, Wick and bow, Carl White.

Pearson is so short an expected star work in the bow has been the feature of the season with the Yale crew all spring. His speed at this season equals that of any of the pitchers of recent years except Stone and Camp. His control has improved wonderfully and his judgment in alternating speed with curves is very good, very unusual in a college pitcher.

The track team is beginning the last fortnight of training before the dual games with Harvard. The quarter below the standard mark. Fitzpatrick not for it. The rack manager has given up all hope of having the three relegates and now the chances against Yale winning the Harvard dual meet, Yale will be strong in this but it is believed by those who have watched the crew closely that Harvard will pull out the spring Cambridge on seconds and third.

Harvard's base ball season has started far gone, though a rather checkered one. Starting out with all sorts of extravagant prophecies as to first records to be thrown to the four winds that have ever played under the name of Harvard. Start with everybody bowling the team went South to spend a week, flash in warmer climes where glass arms and stiff joints were unknown. The first of the team while there was the most satisfactory of any Harvard nine of late years.

But the mere record made in the South would not in itself be sufficient to warrant much praise. The opposition encountered in the last half once took on the home ground the undercover of Southern trip is a subject for serious consideration. In speaking with Davis with the nine shows many good points. It was one to see that the men had acquired a good knowledge of base ball. The team however had yet many serious faults. They are not by any means as strong as they should be and this only because of the rawness of the players, of the clearly sense they are to be developed. Individually those faults have faults which can be corrected before there is any chance that Yale and Princeton can be laid out. There are certain defects in the batting of the team.

Several times in the course of the different professional players, have handled the pitcher of the Harvard team in particular have they all made but the pitcher stands forward in his delivery and necessarily be very much impeded with that of a right hander. It seems also seems to me that the coaches have been mistaken. High on all occasions, especially fast men, has no use for ground balls. He is too big and clumsy to cover the large area on both sides of him.

LAFAYETTE

Last week's training of the several eights of Cornell 'varsity and freshman crew candidates demonstrated that Coach Courtney has this year a more promising material for one of the fastest four oars that has represented the three sixty since the time that the world's record breaking 906 aggregation. Our four of last year improved with the looks of the 1901 men. They have general better all and are more intelligently handled in the average freshman crew. The second varsity crew of last year has developed work has been of a very poor order. Only the customary run of terrible beginners' scrapes, they are called, have been sold. But what has been done in beer quite enough to show that the fabled are master of the stroke, but are already show as great speed. Yesterday, what is known as the first freshman crew defeated the second varsity crew by Raymond 99 and made up of such good material as Ludlum, Wakefield Reed and Perkins. Should the present condition continue, Cornell should have a very strong eight. Coach Courtney is also working hard with the 'varsity four and Yale in the freshman figures for the distance will be followed.

Although there is an abundance of crew material this year, the "Old Man" is still in a quandary as to the best possible combination for the first boat. Although there is apparent great interest on the part of Courtney as to the final make up of his 'varsity crew, work is going steadily on and hands are pressed at the oars.

AT HARVARD

A decided change has come over in the game but situation at Harvard in the last ten days. First of all came the resignation of Captain Bigelow, who felt that owing to pressure of college work he could not give the team the amount of attention required. His resignation was immediately accepted by the team, which is to play with Lorenzo Hall, who is playing his second year on the team, as leader to fill the captaincy. Hall has had considerable experience in this line and possesses the right kind of temperament to handle the Princeton nine.

There has been considerable interest in baseball at Harvard over the hitting of the team as a whole but it now seems to have become steady. Hallowell and Hall is by far the best of the pitchers and is almost sure to be one of the regulars this season. He has developed much steadiness. Harrison has developed splendid control of the ball and they are confident will be experienced leader in doing the bulk of the catching and has no superior in this respect.

The infield is not quite enough yet. Hutchinson on third is doing well and Butler at short is playing a strong game. But Burke at second he has not reached the proper gait as yet. Reilly on first is not playing as well as in other years.

The track team is doing hard work and Princeton ought to be well at the finish. It will be the first time they had been able to cover it in six weeks and they struck in with enthusiasm. The covered the distance without mishap. The going is most looked to give quite the same time, but said that the trial was entirely satisfactory.

Friends in this city will regret to hear of the death of George P. Parker, of San Francisco, formerly of Bangor, on April 26. Mr. Parker married Miss Mae Sellers, a daughter of James G. Sellers, of this city, as it survives him. He was a son of Mr. and Mrs. J. M. Parker, of Bangor. His age was 37 years.

A meeting of school superintendents, called by State Supt. W. W. Stetson, will be held at City Hall this afternoon. The superintendents of Penobscot and adjoining counties will be in attendance. At noon, lunch will be served by the members of the Bangor school board.

In the window of W. P. Dickey & Co.'s hardware store, on B and street, are some fine photographs of Monday's parade. It is by Mr. F. J. Dickey, one of the best amateur photographers in the city.

The last regular debate of the Progressive Debating Society will be held in the Y. M. C. A. hall this evening. The subject of the debate will be "Resolved, that the Mexican war was without due cause." There will be a selection of officers, and other important business, so all members are requested to attend. Light refreshments will be served by the retiring board of officers.

Mr. D. Irving Atherton of Augusta, who was badly injured in the Orono wreck, has returned to Bangor to resume his studies at the Theological seminary, he having sufficiently recovered to be able to do some work again.

Through the agency of Louis Kirstein, the Main street real estate broker, an exchange of real estate has been effected whereby John R. Scripture has deeded his farm on Ohio street to Freeman A. Sabens of Bangor, and the Sabens property on West street has been conveyed to Mr. Scripture.

The steam yacht Princess, owned by Edward Morey of Boston, who has a summer cottage at Castine, is in Bangor receiving repairs.

The annual county convention of the Woman's Christian Temperance Unions of Penobscot county will be held on Wednesday and Thursday, May 25 and 26, in Dexter.

The funeral of John T. Keenan, who was drowned on the drive, will be held at 2.30 next Tuesday at St. John's Catholic church.

The funeral of John Wheeler, who died at Great Works, will be held at 2 o'clock at St. Joseph church on Saturday. He was a member of the A. O. H. of Bangor and the A. C. U. W. of Old Town.

On Wednesday the depth of water running over the water works dam was eight feet.

Governor Powers was at the Bangor House last night, on his way to his home in Houlton from Augusta.

NEW TELEPHONE RATE.

The New England Telephone and Telegraph Co. has posted the following notice announcing a new night tariff in its several offices:

"On and after May 1, 1898, there will be a night tariff for communications between the hours of 6 P. M. and 8 A. M. at one-half the day rate. The night rate will in no case be less than 15 cents, excepting when the day rate is 10 cents, in which case the night rate will be the same."

ADAMOWSKI CONCERT.

The sale of tickets for the Adamowski concert Saturday evening opens in City Hall this morning at nine o'clock. Those who have already purchased tickets can exchange them at that time for reserved seats. Timothee Adamowski plays in St. Louis at a symphony concert Monday, May 9. He was present at the concert of the Boston symphony orchestra last Saturday and left immediately after the concert for St. Louis. After the concert in Bangor he leaves at 11:30 and goes straight to New York, where he sails for Europe immediately.

In London he is to play at a philharmonic concert a concerto for violin by Saint Saens, under the direction of Mr. Saint Saens himself.

Mr. and Mrs. Joseph Adamowski will remain in Bangor over Sunday. They sail for Europe the following Friday.

The Adamowski family have with great pride the jewels given them by the Czar of Russia after the concert in which they played before his majesty's family. They found the emperor most simple in manner and address, "quite like the ordinary gentleman," while the Czarina appeared almost bashful.

MAINE VESSELS SAFE.

One by one the Maine vessels reported which quarantine was fell are coming safely into port. Two of the latest are the four masted schooner Eleanor W. Clark of Lubec, which has reached Tampa, Fla., and the bark Scotland, Capt. Jacobs, which arrived at Delaware breakwater, Monday. Cheering news.

News has been received that the Bucksport ship George H. Skolfield reached New York in safety. The George H. is captained by S. B. Dunbar of Brewer, who had previously on this cruise his wife and two boys. The fact that their safe arrival is observed is a cause of great relief to their hosts of friends.

OF[illegible] BRIDGE.

Report of Railroad Commissioners Orders Repairs Both by Town and B. & O. & Co.

The railroad commissioners on Wednesday rendered their report on the repair and the strengthening of the toll bridge across the Stillwater river in Orono, crossed by the tracks of the Bangor, Oldtown & Orono Electric Railroad Company. They ordered that the southerly approach to this bridge be repaired, strengthened and kept in repair by the town of Orono, and the northerly approach by the railroad company shall replank the bridge, the plank to be furnished by the town of Orono. The bridge shall be reinforced by the town which shall keep the roof in repair.

The changes in the location of the Washington County railroad asked for were authorized.

The Joseph Haworth company which presented "Hamlet" and "Macbeth" at the Opera House Monday and Tuesday nights left yesterday for Belfast to appear there one night. From there the company goes to Portland.

A despatch from Washington states that among those Hayward men who have joined Theodore Roosevelt's cowboy regiment is Lt. Guy Marchie of Calais.

INSOLVENCY COURT.

Matters Before Judge Burgess on Wednesday.

On Wednesday in the court of probate and insolvency, Judge Burgess, numerous persons interested in the Shaw & Morse insolvency proceedings were present. They had come because the day upon the docket set by Judge Burgess some weeks ago for the fixing of the dividend. No assignee appointed and the matter had to be suspended. After waiting until the hour for adjournment, at noon, the court set the matter forward to June 1.

FACTS ARE STUBBORN.

If Bangor People Are Not Convinced by Local Testimony They Differ from Other People.

Our readers must have noticed how in the past two years "cures" have multiplied in the newspapers like mushrooms in a meadow and following the pattern of cures, the general public have become remarkably skeptical. Facts are demanded, but it has also become evident to those who swallow them, where they are from is true, who have you cures? Doubting Thomas will not accept as incredible cures on the other side of the continent. He wants that home. Give me some neighbor, then I will believe, is what he asks for. Well, Doan's Kidney Pills do it, call it what you like, at home, local or neighbors testimony, your case, always accepted in the result of using Doan's Kidney Pills leaving the city limits. Here is a case:

Mrs. M. O. Bailey, No. 57 Dirlin street says: "I can conscientiously recommend Doan's Kidney Pills. Some time ago my work involved considerable standing and heavy standing. Much stooping and heavy standing. Much of it from then until I took Doan's Kidney Pills my back gave me a great deal of trouble. Across me loins even when lying down, the pain was so acute that I could hardly turn. Early in March, 1896, my wife, knowing my back and why back was, went to Arn Wood's drug store and got a box of Doan's Kidney Pills. Within four or five days I decided change in my condition. Sensations changed from bad to good. I felt as if a weight was lifted from my back. The kidneys' secretions from thick, cloudy and scanty to clear and natural. I believe in the claims of Doan's Kidney Pills."
